The service life depends on the rate of use and the rate of wear in the given conditions. Inappropriate storage conditions, improper maintenance and care reduce the service life. The warranty period is 24 months. Under no circumstances should the warranty period be confused with the service life of the product.

With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected to have an adverse effect on the user's hygiene or health.

However, skin irritation is not impossible for sensitive people, in which case do not continue to use the garment. Avoid fire and sources of intense heat.

No accessories or replacement parts are intended for these garments. If the garment is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport best in original packaging, protect from moisture and extreme temperatures. Dispose ecologically after use.
