## **DESCRIPTION**

A work jacket with innovative design details that perfectly adapts to different body types. The anatomically shaped cut and looser silhouette allow for absolute freedom of movement, even when worn over a warm sweatshirt. The quality twill fabric with a high proportion of natural cotton is breathable and comfortable to wear. It incorporates visually interesting design elements such as reinforced shoulder and sleeve parts as well as contrasting denim quilting, plastic moulded zippers, and original reflective printings for better visibility. The work jacket has anatomically shaped sleeves with flexible hems, adjustable with snap fasteners; the main zipper is covered by a strip; a large breast pocket with a Velcro flap; 1 zippered breast pocket; pencil loops; 2 large hidden zippered pockets; a zippered pocket on the left sleeve; the bottom hem is adjustable with snap fasteners. Effective ventilation on the back part, reflective tape on the front and back parts for better visibility.

This personal protective equipment is in conformity with the requirements of the following harmonised standard:

**ČSN EN ISO 13688:2013** – Protective clothing – General requirements

The VISION collection meets the requirements for health safety and is a holder of **OEKO-TEX®Standard 100 certification, PG020 certificate number 128167 OETI.**

The service life depends on the degree of use and the rate of wear in the given conditions. Improper storage conditions, improper maintenance and care shorten the service life. The warranty period is 24 months. In no case should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected of adversely affecting the hygiene or health of the user. However, skin irritation is not excluded for sensitive people, in which case do not continue to wear clothing. Avoid fire and sources of intense heat.

No accessories or spare parts are intended for these garments. If clothing is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport preferably in the original packaging, protect from moisture and extreme temperatures. Dispose of ecologically after use.
