DESCRIPTION

Workwear bib pants with knee pad pockets offer a great fit thanks to their innovative design details. The quality twill fabric with a high proportion of natural cotton is breathable and comfortable to wear. Interesting visual elements such as contrasting denim quilting, moulded plastic zippers, and original reinforced flaps. The bib design allows for better back and waist coverage along the entire circumference; the work bib pants incorporate a flexible waist hem with integrated rubber to increase the comfort of wear; flexible braces; a hidden breast pocket on the bib with a Velcro flap and 2 zippered breast pockets; 2 front hidden pockets; 2 back pockets with flaps; 2 spacious pockets on the left and right leg with flaps; 1 zippered pocket for a phone; screwdriver pockets; pencil loops; 2 pockets for a folding ruler integrated into the stripe on the left and right sides; anatomically shaped legs; double-layered knee parts and knee pad pockets; reflective elements on the front and back for better visibility.

This personal protective equipment is in conformity with the requirements of the following harmonised standard:

ČSN EN ISO 13688:2013 – Protective clothing – General requirements

ČSN EN 14404 – Use of the J3804 knee pad and trousers for work while kneeling.

The VISION collection meets the requirements for health safety and is a holder of **OEKO-TEX®Standard 100 certification, PG020 certificate number 128167 OETI.**

NUMBER OF PIECES IN CARTON	20 pcs
CARTON WEIGHT	24 kg
CARTON SIZE	0,085 m ³
UNIT PACKAGING	of 1 pc

The service life depends on the degree of use and the rate of wear in the given conditions. Improper storage conditions, improper maintenance and care shorten the service life. The warranty period is 24 months. In no case should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected of adversely affecting the hygiene or health of the user. However, skin irritation is not excluded for sensitive people, in which case do not continue to wear clothing. Avoid fire and sources of intense heat.

No accessories or spare parts are intended for these garments. If clothing is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport preferably in the original packaging, protect from moisture and extreme temperatures. Dispose of ecologically after use.
