The lifespan depends on the level of use and the rate of wear under specific conditions. Improper storage conditions, incorrect maintenance, and care reduce the lifespan. The warranty period is 24 months. Under no circumstances should the warranty period be confused with the product's lifespan. With intensive use, the lifespan may be shorter than the provided warranty.

The product does not contain any substances in concentrations known or suspected to adversely affect user hygiene or health. However, skin irritation may occur in sensitive individuals; in such cases, discontinue use of the garment. Avoid fire and sources of intense heat.

No accessories or spare parts are designated for these garments. When not in use, it is recommended to store them in dry and well-ventilated areas away from direct sunlight. Transport in the original packaging whenever possible, protecting it from moisture and extreme temperatures. Dispose of it in an environmentally friendly manner after use.
